

JABRA GN8210
DIGITAL AUDIO PROCESSOR DELIVERING
GREAT SOUND QUALITY

Even with the best headset, it can be challenging to hear in a noisy call center. Jabra GN8210 enhances the audio signal and filters out interference so your caller comes through loud and clear. Easy-to-use one-button controls and compatibility with all Jabra’s professional corded QD headsets give agents the flexibility and convenience they need to be productive.

BOOST AGENT EFFICIENCY

Consistent sound clarity, background noise reduction and protection against sudden volume peaks ensure fewer call interruptions so agents complete more calls – faster. Built-in Noise Canceling capabilities and easy call management features promote a safe, comfortable and more productive working environment.

CRYSTAL CLEAR CONVERSATION

Jabra GN8210 incorporates a number of sound quality features, such as Digital Signal Processing (DSP) for greater intelligibility, and automatic volume adjustment that keeps the volume of all incoming calls at the same user defined level.

PREVENT STRESS AND HEARING INJURIES

Reduce the number of sick days and increase employee retention. The Jabra GN8210 audio processor delivers acoustic shock protection and is compliant with the Noise at Work legislation in the EU (Directive 2003/10/EC) and AUS (TT4 & G616).
