

Professional mobile PA system

Key Features:

- Self-contained mobile P.A. system
- Operates on internal battery or AC power
- (2) integral wireless microphones
- Playback from Bluetooth, SD/USB, external mics or portable players
- Luggage handle and wheels
- Water-resistant cover included

Overview:

The Audio Commander is an all-in-one compact PA system designed to satisfy the needs of customers such as professional DJs, aerobics instructors, presenters or anyone needing a self-contained, self-powered unit without cables. The Audio Commander can operate on its internal rechargeable battery or AC power. Two UHF wireless microphones are included, along with the capability to play audio from Bluetooth devices, USB, and SD media. There are also two XLR/TRS combo jacks to facilitate MIC/LINE inputs. All of these features are packaged in a smartly-designed unit with luggage handle and wheels for easy transport and quick set-up. A water-resistant cover is included for storage, transport and protection from the elements.

Specifications:

- **Speaker System**
 - 200W RMS Class-D amplifier
 - 12" woofer
 - 1" compression driver tweeter

- Frequency response: 75 Hz – 20 kHz
- THD: < 1.0%
- Signal-to-noise ratio (SNR): ≥ 80 dB

- **Power**

- **Internal Rechargeable Battery**

- Battery type: Lead Acid
- Battery voltage and capacity: 12VDC, 12Ah
- Battery run time at full volume: 3 hours
- Battery run time at half volume: 8 hours
- Battery recharge time: 8 ~ 10 hours

- **AC Power**

- 100 - 240 VAC 50/60Hz
- Fuse: T6.3A / T3.15A
- Consumption: 280W

- **Inputs**

- **(2) Integral 16-channel UHF (584 - 608MHz) wireless microphones****

- Wireless handheld dynamic microphone
