With 2.4 GHz Radio Frequency technology, the Adesso iMouse™ E10 can provide you with wireless convenience and the freedom of a smooth connection without tangled cables for up to a 30-foot range.

The special ergonomic vertical design with a soft rubber grip offers a unique and comfortable user experience. Three convenient buttons on the side allow intuitive control for faster back and forward browsing navigation. Plus there are three levels of DPI (1000/1500/2000) available.

An On/Off switch helps to conserve battery power, and an indicator light lets you know when it is time to replace your batteries. iMouse™ E10 comes with a mini USB receiver that connects automatically without any hassle.

■ **2.4 GHz RF Wireless Technology with On/Off Switch**
This mouse works at any angle with a range of up to 30 ft. with no wires to get tangled. The On/Off switch helps conserve battery power plus the low battery indicator helps you know when it is time to change batteries.

■ **Ergonomic Vertical Design**
The vertical design provides better support for your forearm minimizing wrist pain that can come from twisting.

■ **Adjustable DPI Switch and Back/Forward Buttons**
Switch DPI easily from 1000 to 2000, and access to back/forward navigation shortcut without driver.
■ **Plug-and-Play**
Simply plug the mini USB receiver into a USB port and you will be up and running. No drivers required, works with Windows or Mac OS.
