

## Jabra Link 14201-20

### Electronic Hook Switch control for Alcatel, Avaya, Shoretel and Toshiba phones.

The Jabra Link 14201-20 EHS Adapter enables the essential ring tone signaling for the existing remote Hook Switch solution with Jabra wireless headsets on a wide range of desk phones.

Jabra wireless headsets with EHS functionality boost productivity as they provide the user with the ability to answer and end a call, while away from their desk.

#### The EHS Adapter allows the users to

- Hear ring tones
- Answer and end calls

All from their headset and quite convenient, when they are up to 150 meters/450 feet away from their desk. The integration of desk phone and headset allows users to benefit from enhanced mobility and the ability to multitask while on a call. The wireless freedom improves work efficiency and ergonomics throughout the day.

#### How it works

The EHS Adapter is a plug-and-play solution that adds the essential ring tone signaling to the existing Jabra Hook Switch solution for Alcatel, Avaya, Shoretel and Toshiba phones. The EHS solution works with all Jabra wireless headsets having a desk phone interface.

#### Compatibility

The EHS Adapter is compatible with a wide range of Alcatel, Avaya, Shoretel and Toshiba phones. For more details see the technical specifications on page 2 or visit [www.jabra.com/support](http://www.jabra.com/support) for more information.
