

Jabra Link 14201-35 Electronic Hook Switch Solution for Avaya phones

The Jabra Link 14201-35 enables remote Electronic Hook Switch Control (EHS) with Jabra wireless headsets and selected Avaya phone series.

Jabra wireless headsets with EHS functionality boost productivity as they provide the user with the ability to answer and end a call, while away from their desk.

The EHS Adapter allows the users to

- Hear ring tones
- Answer and end calls

All from their headset and quite convenient, when they are up to 150 meters/450 feet away from their desk. The integration of desk phone and headset allows users to benefit from enhanced mobility and the ability to multitask while on a call. The wireless freedom improves work efficiency and ergonomics throughout the day.

How it works

The Jabra Link 14201-35 is a plug-and-play solution that converts from the EHS standard used in Avaya phones to the DHSG standard used in Jabra headsets – and vice versa.

Compatibility

The Jabra Link 14201-35 is compatible with Jabra wireless headsets and the Avaya 1400 series, 1600 series and 9600 series. For more details see the specifications on page 2.

Works with:

Desk phone

Reasons to choose

Jabra Link 14201-35

- Enables users to answer and end calls away from their desk
- Maximizes users' wireless mobility
