

Highlights

- Premium aesthetics and sturdy construction: all-aluminum worksurface, bow and pivots
- Configuration flexibility makes WorkFit-SR well suited to taller users: worksurface can lift higher than other WorkFit models; monitor pivots can be installed at tall-user heights
- Spacious worksurface accommodates any keyboard and mousing device with plenty of room for other desktop items
- Our standard surface depth provides generous focal distance between you and the screen for optimized ergonomic comfort
- Internal cable management hides cord clutter; includes pre-installed USB cable for easy connectivity
- Five-year warranty: tested and guaranteed! Proven lift technology is reliable through thousands of adjustment cycles

ERGOTRON®

WorkFit-SR Sit-Stand Desktop Workstation

Sit-stand for wellness

The WorkFit-SR positions a complete workstation—display(s), keyboard and worksurface—within the footprint of your desktop without protruding into your space. It clamps to the rear of most surfaces, converting any tabletop into a healthy sit-stand desk.

WorkFit-SR is a premium furniture solution, featuring refined aesthetics and superior material construction. When in the seated position, the thin worksurface always stays close to your desktop. The all-aluminum composition is extremely sturdy, allowing for easy, handle-free height adjustment.

- Worksurface/keyboard tray stays on top and within the surface of the desk
- WorkFit-SR: 29.5" x 21.8" (75 x 55,4 cm) footprint accommodates 30–36" deep desks. Adjustable at setup in ½" (1,3 cm) increments. Large worksurface improves focal distance between monitor and keyboard tray

Available in black or white finish

- Premium aesthetics: aluminum worksurface, bow and pivots, plus internal cable management
- Includes pre-installed USB cable for keyboard/mouse or other USB devices
- Offers 18" (45,7 cm) in-tandem height adjustment of the monitor(s) and keyboard tray/worksurface as well as 5" (13 cm) of independent monitor lift
- Monitor can also be installed in tall-user position
- Just two tools needed for setup

WorkFit-SR design prevents the keyboard tray from intruding into your space
